

# Sphero Mini Golf

## Materials:

- Sphero's (1 per group)
- Masking Tape
- Kinder Squares and Circles

1. Create 9 mini golf holes around the classroom. Use the Masking tape for the outline and use a Kinder Circle as the hole. Use the Kinder Square as the hole number.
2. Students code Sphero using Sphero Edu App to get the Sphero to make its way to the hole (coloured circle)
3. Students record how many lines of code it took them to code the Sphero on the scoring sheet.
